María Camila Pinzón Paredes. Tecnólogo en análisis y desarrollo de software.

Documento escrito. GA2-240202501-AA2-EV03

Email subject: Junior C# developer job application.

Dear Mr. Simpson,

I am writing in reference to the job ad posted in LinkedIn. I would like to submit my application for the position of Junior C# .Net Software developer in your company.

I have a degree in Sound Engineering from Javeriana University, and also I just graduated of Software analysis and development technology from SENA.

I am very interested in the job, due that my profile achieves the requirements for the job. I would like to let you know that I have knowledge in C#, .Net, WinForms, Java, SQL server and noSQL databases.

Furthermore, I have a diploma course in "Coding and programming" from Javeriana University and Samsung Innovation Campuses, five Microsoft Certifications in Azure Fundamentals (DP-900, AZ-900, PL-900, AI-900, SC-900), a course in "Building data bases with MySQL" another in "NoSQL Data bases implementation.", and also a course in "data Analytics with ethic perspectives"; knowledge that could make a positive contribution to the job projects.

Regard the experience, I did a six months internship at ABCTIC company, where I helped to develop some of the requirements related to the software company backend. There I also had the opportunity to apply my soft skills in adaptability, communication, team work, problem solving and conflict resolution.

Please find attached my CV, where I explain in detail my studies and job experience.

In the event that you would like to meeting me for an interview, you can contact me on my mobile or by email at your earliest convenience.

I look forward to hearing you soon.

Yours sincerely,

Ma. Camila Pinzón
